NOTE: All tournament hours are set on Ohio time. All Open Launch Tournaments will have a 5 minute meeting, ½ hour before the start of the tournament. All participants **MUST** be present at this meeting. If a boater's intended launch site is different than the weigh in site, a written note must be given to the weigh master at this meeting. All teams must check in at the Weigh In site or notify a club member that you do not want to stay for the weigh in. If, for any reason, you are late for the pre-tournament meeting, you **MUST** launch at the designated weigh in ramp.

- All Non-Boater fees pertain to the **tournament days only**, all pre-fishing and accommodations are to be split by partners.
- In the event of a boater having to fish by himself, the club will not pay the NB fee.

Tournament Committee: this year we tried using the whole club with Larry Etter, Vice-President → being “Head Wrangler”!
